

Bharat Aadhaar Seeding Enabler (BASE)

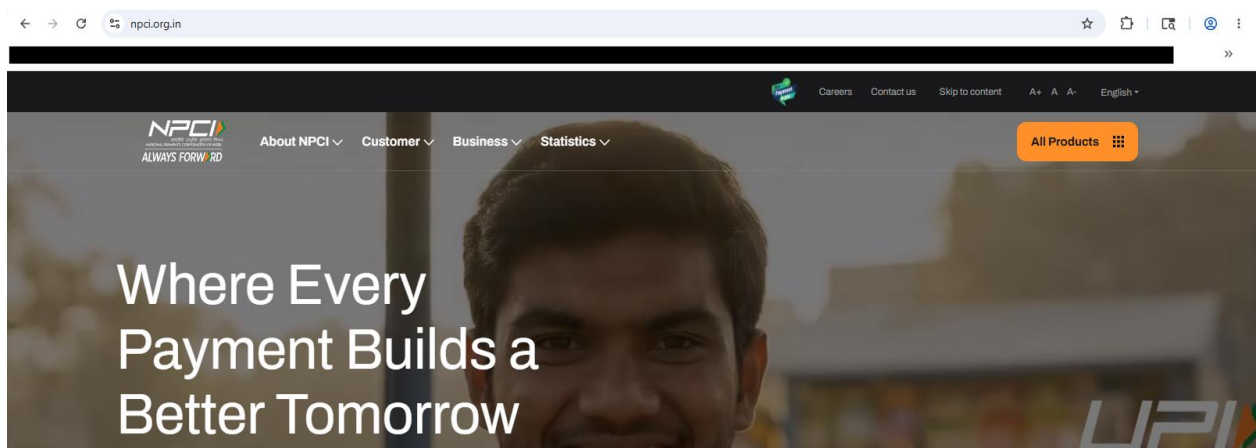

NPCI has launched the **Bharat Aadhaar Seeding Enabler (BASE)** platform to facilitate Direct Benefit Transfer (DBT) services by enabling customers to perform Aadhaar mapping related activities digitally.

Using the BASE platform, customers can avail the following services:

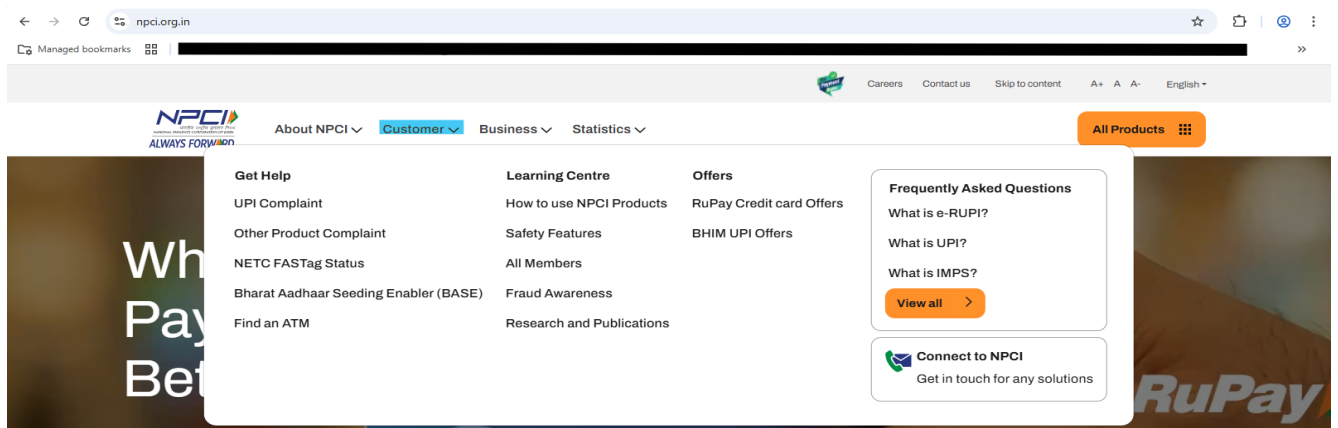

- a) Aadhaar Mapped Status
- b) Aadhaar Seeding/De-Seeding
- d) Account Details
- e) Aadhaar Mapping History
- f) Request Status Check

Steps to Access BASE Portal

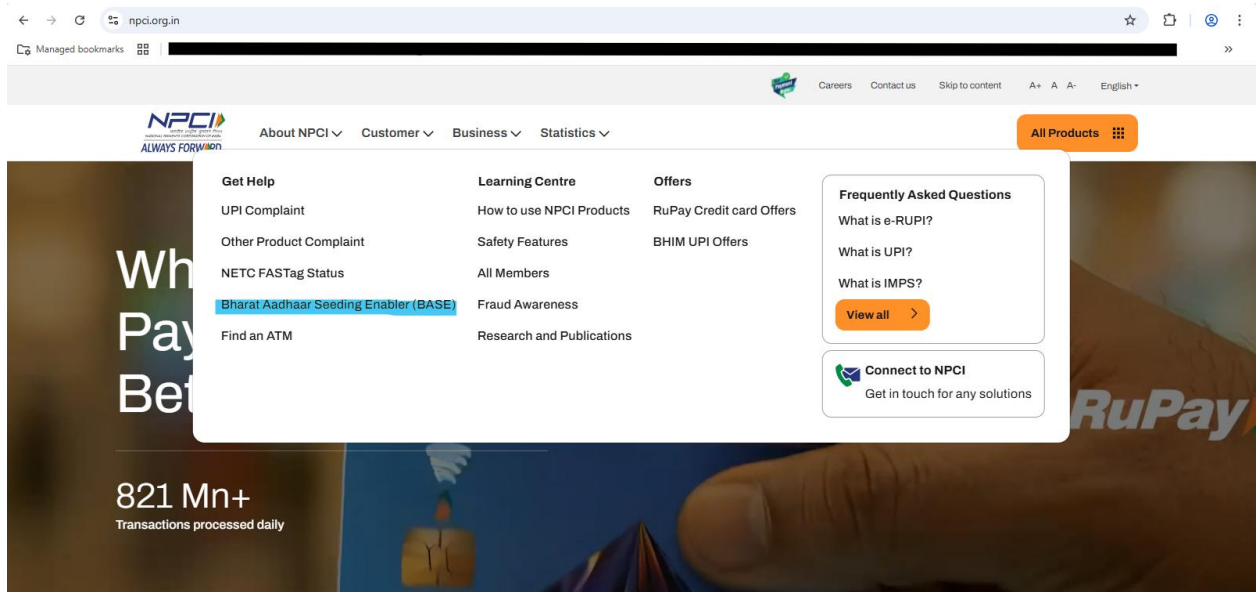

Step 1: Open the NPCI website: <https://www.npci.org.in/>

Step 2: Click on the "Customer" tab available on the NPCI homepage,

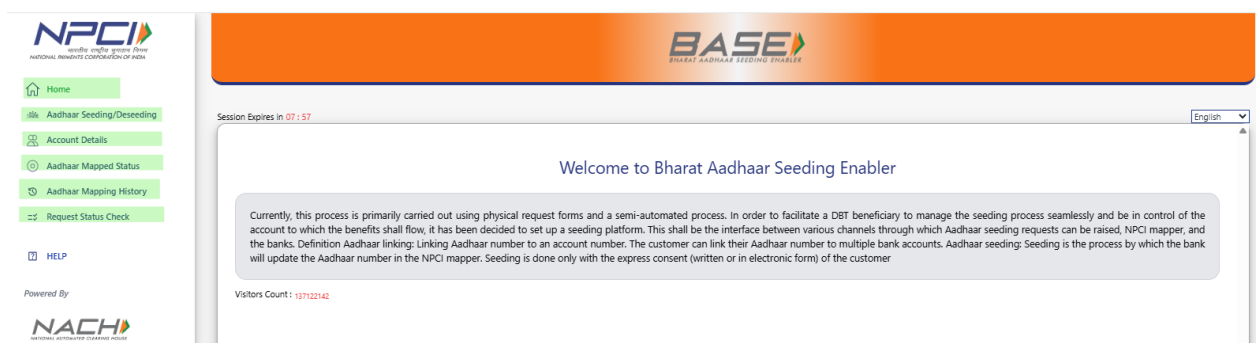

Step 3: Under Customer Services, click on "**Bharat Aadhaar Seeding Enabler (BASE)**".

Step 4: The BASE portal home page will be displayed. Select the required service from the sidebar navigation menu:

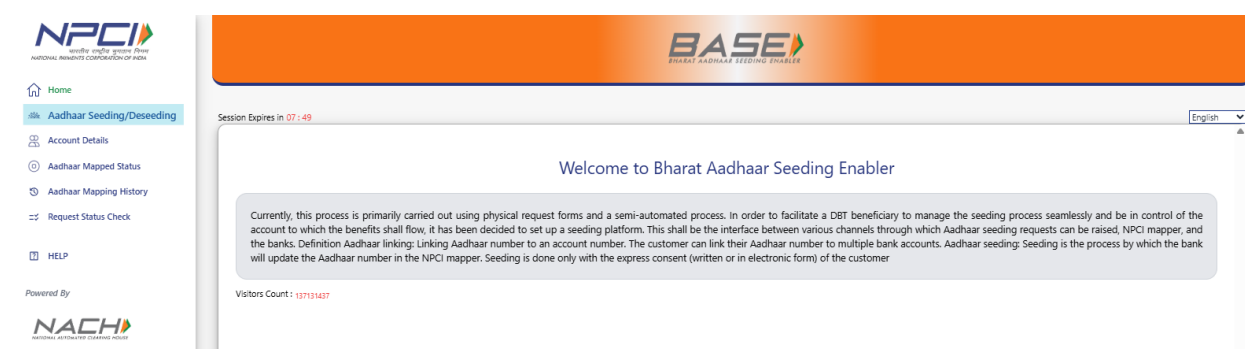

- Aadhaar Seeding/ De-Seeding
- Account Details
- Aadhaar Mapped Status
- Aadhaar Mapping History
- Request Status Check

Aadhaar Seeding / De-seeding

Step 1: Select Aadhaar Seeding/Deseeding option from Sidebar Navigation Menu:

Customer shall select **Aadhaar Seeding/Deseeding** option from the sidebar navigation menu.

Step 2: Select Service Type

Customer shall choose one of the following services:

- Seeding, De-seeding
- If Seeding is selected, customer can select appropriate Seeding Type as mentioned below:
 - Fresh Seeding,
 - Movement - Same bank with another account
 - Movement - from one bank to other bank has to be selected.

The screenshot shows the 'Request for Aadhaar Seeding/Deseeding' form in the BASE application. The session expires in 06:53. The form is divided into two main sections: 'Enter your Aadhaar' and 'Request for Aadhaar'. The 'Enter your Aadhaar' section has three input fields for the Aadhaar number. The 'Request for Aadhaar' section has a radio button for 'Seeding' (selected) and a radio button for 'De-Seeding'. Below this, there is a 'Select Your Bank' dropdown menu. The 'Seeding Type' section has three radio buttons: 'Fresh Seeding', 'Movement - Same bank with another account', and 'Movement - from one bank to other bank'. At the bottom, there are two input fields for 'Account Number' and 'Confirm Account Number'.

Step 3: Enter Aadhaar and Account Details

Customer shall enter:

- Aadhaar Number
- Select Bank Name (Tamilnad Mercantile Bank Ltd)
- Account Number
- Confirm Account Number

The customer must ensure that the account number entered is correct.

The screenshot shows the BASE web portal interface. At the top, there's an orange header with the BASE logo and the tagline 'BANK AADHAAR SEEDING ENABLE'. Below the header, a session expiry timer shows '04:45'. The main heading is 'Request for Aadhaar Seeding/Deseeding'. The form is divided into several sections: 'Enter your Aadhaar' with three input fields (XXXX, XXXX, 5373) and a refresh icon; 'Request for Aadhaar' with radio buttons for 'Seeding' (selected) and 'De-Seeding'; 'Select Your Bank' with a dropdown menu showing 'TAMILNAD MERCANTILE BANK LTD'; 'Seeding Type' with radio buttons for 'Fresh Seeding' (selected), 'Movement - Same bank with another account', and 'Movement - from one bank to other bank'; 'Account Number' with a long input field (XXXXXXXXXXXXXXXXXX) and a refresh icon; and 'Confirm Account Number' with another long input field (XXXXXXXXXXXXXXXXXX) and a refresh icon. At the bottom, there is a checkbox for terms and conditions, which is checked, followed by a detailed disclaimer text.

Step 4: Submit Request

After verifying the details entered, Accepting the Terms and conditions and entering captcha customer shall submit the request.

This screenshot shows the bottom portion of the BASE web portal. It features a checkbox for terms and conditions, which is checked, followed by a detailed disclaimer text. Below the text is a captcha image showing the numbers '7-0-2-7-0-3'. Underneath the captcha is an input field containing the text '702703'. At the bottom, there are two buttons: a green 'Submit' button and a blue 'Reset' button.

Step 5: OTP Authentication

An OTP will be sent by UIDAI to the mobile number registered with Aadhaar.

Customer shall enter the OTP received for authentication.
